Subject: RE: questions....

Well I think your luck has run out because at the meeting I was at yesterday, it came up and it will be asked for. (I think I remember this coming up at one of the workshops as well?) If not by the individual I spoke to then maybe by a State Rep. You might want to prepare the responses. Just giving you a heads up so you aren't scrambling around....

I get that staffing is an issue, (and you know I am more than willing to help you out where I can), but this is a requirement for issuing a final permit, which you did back in September.
